

# IDEAS FOR PARENTS

By the time our children are ready for nursery, we know them much better than the most dedicated teacher in the world could hope to know them. We also care much more deeply about what becomes of them. We want them to be happy, safe and healthy; and we want them to achieve their full potential.

The Key to Learning Treasure Chest for Parents has been created to allow parents and their children to discover some of the unique benefits of the Vygotskian Key to Learning Curriculum which is being used to amazing effect in hundreds of schools across Europe.

In the book you will find instructions for 123 games to play with your child. There are games to play indoors, games to play outside, and games to keep your child entertained on journeys. None of the games requires specialist equipment. These games will help your child to:

- |                                   |   |
|-----------------------------------|---|
| ■ understand symbols              | ■ practise hand-eye co-ordination                     |
| ■ concentrate, focus and remember | ■ experiment with colours, shapes, sizes and textures |
| ■ communicate clearly             | ■ respond to the natural and the built environment    |
| ■ be inquisitive and creative     | ■ explore emotions and express themselves             |
| ■ think about cause and effect    | ■ solve problems creatively                           |
